

Stones by Zak

DISTINCTIVE PROPERTY MARKERS

Identify you and your property with an outstanding yet eloquent stone tablet with steel fixtures.

“The subtle bas-relief carving of my logo combined with the quiet but powerful cutout letters of my business name back lit at night and read in shadow during the day gives my endeavor a dignified image . . . check the following shots of both sides in day light”

Logos - Brand - symbols, can be carved into the stone. A variety of metals can be used, steel - Stainless - Copper and Bronze. Prehistoric symbols or graphics added in . . . You can be a part of the design team creating your Mark

This lighted evening image shows the shadows cast by the fixture's light and the back lit letters.
